

# SCIENTIFIC BOOTCAMP

12 - 14 February 2026

Pre-Conference Satellite Event

# PRELIMINARY PROGRAM

## Thursday, 12<sup>th</sup> February

9:00–10:00: Welcome/Intro  
10:00–12:00: Scientific Bootcamp Presentation  
12:00–13:00: Lunch  
13:00–17:00: Practical sessions (group rotations)\*

## Friday, 13<sup>th</sup> February

9:00–12:00: Technical Scientific Presentations (External Companies/Partners)  
12:00–13:00: Lunch  
13:00–17:00: Practical sessions (rotations continue)\*

## Saturday, 14<sup>th</sup> February

9:00–12:00: Scientific Presentations (External Companies/Partners)  
12:00–13:00: Lunch  
13:00–17:00: Practical sessions (final rotations)\*  
20:00–23:00: Gala Dinner

## Sunday, 15<sup>th</sup> February

9:00–10:00: Transfer to the 12th International Conference on Isotopes - 12ICI, Florence

\*Practical Activities (divided into groups of 5 students):

- Group 1: Use of Synthesis Module Software and writing a chemical recipe
- Group 2: Solution preparation and plating process
- Group 3: Visit to the lead glass production area + theoretical shielding calculation
- Group 4: Demonstration of Injector system operation + Dose Calibrator
- Group 5: Exploration of an isolator cell and basic activities inside it
